About This RA News Letter

This RA News Letter is created by members from RA Design Course. Our purpose is to spread status and activities that we do as a RA (Resident Assistant) from **RA's perspective!** We are going to post more about other dormitories events and students voices from all the dorms. We are planning to publish RA News Letter multiple times this year, so stay tuned★
Furthermore, we have prepared a question box below! Please feel free to read the QR Code and write any questions or your thoughts about RA! The answers for the comments that we receive would be sent back to you later.

The BEST dorm of 2021 & their AMAZING activities!!!

Winner Dorm: Musashino Art University Second Students Dormitory (Musabi Dorm)

On 8/22 we had interim report with all the RA from every dorm. From 35dorms, we have a winner for the best report, and it is "Musabi Dorm"! So, we are going to introduce what three RA's who are very energetic did to win the best report for this year!

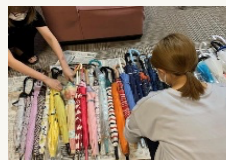

From this year, they have started "Dorm Meeting" and "Dorm Part-time Job". This idea came up when they were trying to figure out a problem that they were having a hard time figuring it out. They started to question themselves if the questions that they received at the question box for dorm was necessary for RA's to answer. To solve this, they remembered that the dorm is a place where the dorm students build together! They came up with two activities for this:

"Dorm meeting" where they can "share ideas together".

"Dorm Part-time Job" where students gather to rebuild their dorm into a better place "together".

This made other RA's from other dorm give them a positive feedbacks!

Their goal for this year is to make people to think "I was lucky to be able to live in this dorm" and for them to spread great things about their dorm. They are keep trying give us new ideas and it is very interesting to see what they are going to come up next!

Let's Talk About SDGs (Sustainable Development Goals)

We wanted our readers to spread a topic about something we learn in daily life that is also common to talk about. So, we have picked up one of the international affairs that we are facing right now and hopefully it will widen your knowledge! COVID-19 waste is an environmental problem that has affected our world by throwing away the trash such as medical waste, plastics that are used for take-outs.

To improve the current situation, biodegradable masks that includes plant-based materials and face shields that do not use plastic that has been developed all over the world would make a change. However, the biggest problem is "us". No matter how much development progresses, the environment will not improve unless our behavior changes. What we can do is to use cloth masks or non-woven masks properly, devise the ways for products that are used for take-outs.

Paying attention to waste disposal will lead to future environmental protection and also helping the dormitories trash area become a cleaner place. To wish for our happiness in the future and the happiness of the world, let's make a greater way to decrease the COVID-19 waste to save the environment!

What Is RA Design Course?

RA Design Course is a volunteer team formed by RA from various universities and dormitories!

The goal of this course is "Share our work to outside and spread the greatness of being an RA to the world". Other than RA News Letter, we are going to update RA introduction videos and post interesting information on social media. Since we live up with COVID-19, we are having weekly meeting to come up with interesting contents for our readers and supporters!

RA デザインコースメンバー紹介

RA Arimomo

Birthplace: Chiba

Hobby: Disney& watching comedy

Comment: RA is really fun! I would like to share this feeling through this ♪

RA Shibushi

Birthplace: Fukushima

Hobby: Drinking&cooking

Comment: RA is the best! I would like to share the greatness of the RA

RA Tate-chan

Birthplace: Niigata

Hobby: Cooking&eating around

Comment: I would like to spread about RA!

RA Tattsuu

Birthplace: Tochigi

Hobby: Hiking&cooking&Gaming

Comment: I'm going to do everything for people to know the existence of RA!

RA Mayu-chan

Birthplace: Chiba

Hobby: Cooking&Walking&Flowers

Comment: I want everyone to know the strength of being an RA&spread our work!

RA Rina

Birthplace: Kagoshima

Hobby: Picnic by the sea&walking

Comment: I want everyone to know our strength and spread our work!

RA Lili

Birthplace: Russia

Hobby: Collecting unicorns

Comment: I want to spread about RA to international students!
